Will:

The Wednesday call at 8:30 Pacific time is with Richard and Dick. I'm able to cover it if you can't make it but would love to have you on if you can. This is the final call with them before the Federal Register notice goes out and we will be responding to their comments on the last list of improvements needed to the program.

I note two meetings/calls Wednesday morning to go over roll out stuff. Non-Responsive
Non-Responsive May I defer my participation in these calls, assuming you'll Dennis and me in as needed. Advice welcome. If my participation is essential, then ok, but normally not the case. . . .

thank you,

All--

Please see attached for the final rollout plan, key messages, and Q&A regarding NOAA and EPA's decision to disapprove Oregon's Coastal Nonpoint Program. A few adjustments were made to make sure our discussion of the penalties and how we talk about the action we're taking aligns with statements made in other documents.

The first key message was also adjusted a bit based on feedback from NOAA folks downtown.

All--

In prep for tomorrow's coordination call on the rollout of NOAA and EPA's joint decision on Oregon's Coastal Nonpoint Program (CZARA), I wanted to send along an updated rollout plan (attached).

During the coordination call tomorrow I hope we can go over the following to make sure we're all on the same page and confirm who has lead and who should be involved in each activity:

1. Press release/timing/coordination with state?
2. Hill notification/briefing/timing
3. Update on other rollout activities (notify state, FRN publication, etc)
